

International Conference on Tomography of Materials & Structures

ICTMS 2019

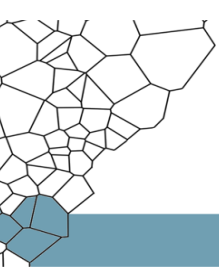

22-26 July | Cairns, Australia

Sponsor & Exhibitor Prospectus

<http://ictms2019.org>

Invitation

We would like to welcome you to participate in **ICTMS 2019**, the fourth biannual conference from **IntACT** (Int. Assoc. of Computed Tomography, <https://www.intact-tomo.org>). ICTMS 2019 will bring together scientists from universities, research organisations, and industry, to discuss 3D/4D tomographic imaging and analysis methods for (non-clinical) studies of materials and structures and we hope this will be the best ever opportunity for the community to get together to celebrate achievements and collaborate on future initiatives.

ICTMS 2019 will be hosted in **Cairns** in tropical North **Australia**; a beautiful destination with diverse attractions and a well set up conference venue. From Cairns you can swim, snorkel, dive and sail the World Heritage-listed Great Barrier Reef; immerse yourself in the World Heritage Wet Tropics Rainforest; or take the scenic railway to Kuranda. The daytime temperature is around 25°C (77°F) over the conference dates (**Monday July 22 - Friday July 26**). This tropical oasis offers something for everyone.

From the outset of ICTMS in Ghent in 2013 industry involvement has been encouraged and valued. It is through the-service-of and collaboration-with industry partners involved with members of the intACT community that experiments, analysis become possible by providing the equipment, techniques, and know-how; many of the advances in our scientific endeavours are thanks to you. We would like to enhance industry exposure to the ICTMS delegates in 2019 by instigating an "industry session" on Monday afternoon, where each industry sponsor will have the chance to present their latest technology to interested end-users. We also take this opportunity to thank those that have offered to run free half-day courses on Monday morning.
